CARRIER OBJECTIVE

An enthusiastic SAP Certified Associate seeking a role in a dynamic company to begin my career as an SAP ABAP Developer. I am eager to gain hands-on experience in S/4HANA environments while building a strong skill set in ABAP Cloud and core business process optimization.

TECHNICAL SKILLS

SAP Technologies and ABAP: Data Dictionary, Classical and ALV Reports, Modularization, Module Pool Programming, ABAP OO, Smartforms.

Frontend:: React, Next.js, Tailwind CSS

Backend:: Node.js, Express.js, REST APIs

Databases:: MySQL, MongoDB

Programming Languages:: ABAP, SQL, JavaScript, C++

EXPERIENCE

Edubiz Networks | *Full Stack Developer Intern (Remote)*

December 2025 – Present

- Built scalable web pages and features while collaborating in an agile team environment.
- Developed modern, interactive UI components using Next.js, React, Tailwind CSS, and TypeScript.
- Integrated CMS platforms, external APIs, and third-party services for efficient content management and application functionality.
- Optimized website performance, security and usability for high-visibility production deployments.

Projects:

- Edubiz Networks (edubiznetworks.com)
- Boostup (boostup.edubiznetworks.com)
- Surelink (surelink.edubiznetworks.com)

PERSONAL PROJECTS

End-to-End SAP ABAP ALV Reporting with SmartForms for Sales Order Management | *ABAP, SAP GUI, OpenSQL, SmartForms*

- Built a fully modular ALV report fetching and linking sales order data across **VBAK**, **VBAP**, and **MAKT** using **OpenSQL**, **FOR ALL ENTRIES**, and optimized **JOIN** queries, alongside modern ABAP syntax (inline declarations, `line_exists()`) to eliminate nested loops and reduce database hits.
- Enhanced report UX with a **dynamic Top-of-Page header** displaying formatted filters and report metadata, and managed full ABAP development lifecycle including **Transport Requests**, **DDIC objects** (structures, table types), **Message Class**, and a dedicated **Transaction Code (ZTC_SALES)**.
- Integrated **SmartForms** print preview directly from the ALV toolbar by dynamically resolving the SmartForm Function Module via `SSF_FUNCTION_MODULE_NAME` and configuring runtime parameters (`no_dialog`, `preview`) for a seamless, production-ready print output experience.

LinkedIn Clone (Full-Stack Professional Network) | *Live Link | Source Code*

- **Tech Stack:** MongoDB, Express.js, React.js, Node.js, Socket.IO, JWT, Tailwind CSS
- Engineered a full-stack professional networking platform with secure **JWT-based authentication**, dynamic feed interactions (likes, comments), scalable **RESTful API** with MongoDB schema for complex user relationships, and **Socket.IO**-powered real-time messaging with instant push notifications.

EDUCATION

Odisha University of Technology and Research, Bhubaneswar, Odisha

MCA – Master of Computer Application

8.97/10

Science College (Autonomous), Hinjilicut(Affiliated To Berhampur University), Odisha

B.Sc. in Physics

8.25/10

CERTIFICATION COURSE

SAP Certified Associate - Back-End Developer - ABAP Cloud

[View Certificate](#)

ACHIEVEMENTS

Secured AIR 511 in NIMCET, a national-level entrance exam for MCA programs.
